

# Geostone

## Naturally beautiful.

# Powerfully resilient.

Geostone's outdoor and indoor concrete solutions combine the power of concrete with the natural beauty of Australian stone. Choose from a range of regional SEQ stones to create beautiful concrete finishes that will elevate your home — both indoors and out.

### Exposed

---

Geostone's exposed concrete provides a raw finish that utilises the natural texture of the stone, bringing character and personality to the home. This durable solution is ideal for outdoor areas such as driveways.

Disclaimer: The product samples displayed in this brochure are indicative only of the finished product and no guarantee of the coloured or textured finish is given or implied. Colour and texture can vary due to many factors, including reproductive differences between the photographs in brochures, samples and displays and the actual product. There can also be variations in the consistency, appearance, quality and texture of natural ingredients, variations in colour additives, variations through the addition of water to the concrete, and from handling, placement and finishing techniques. For a closer representation of the samples displayed, please visit one of our Display and Selection Centres and discuss your requirements with your local Holcim representative.
