<p><b>Member feedback &amp; Open forum</b></p>	<p>Sue mentioned she applied for some funding sometime in February this year to rehabilitate the area around the Ormeau Bottle Trees, but hasn't received any response yet.</p> <p>Everyone commented on more sightings of different bird species and snakes around lately. Sue mentioned a few koala sightings on Cliff Barron Road. Campbell said he had seen platypus and fish in the Pimpama River last year before the flooding.</p> <p>Heather made a comment about seeing dust in the Ormeau area from Jacobs Well, particularly on weekends. She wasn't sure if it was from Holcim's site, but said the Westerly winds may be a factor with dust from the Ormeau with other sites around.</p> <p>Aunty Robyn suggested that Holcim engage in an Indigenous consultant to carry out a check of Aboriginal artefacts on Holcim's land since the flooding and removal of the trees at the back of the workshop.</p>
